

FIRE EVACUATION INSTRUCTIONS

In case of Fire Evacuation
I need help.
Please read the instructions
in the yellow box below.

FIRE EVACUATION INSTRUCTIONS

1. I need someone to stay with me.
2. To move my wheelchair you need to disengage the brake.
3. If I'm on the first floor, push me to the nearest exit and assist me safely out of the building.
4. If on the second floor, we need to wait at the nearest designated safe exit. Please note stairwell and floor numbers.
5. You need to call 911 for me. My cell phone is in one of the side pockets on my knapsack at the back of my wheelchair. Press t to turn power on. Wait until on. Dial 911. Press button with telephone symbol to send. Please indicate:
 - § You are with (Insert Name) who is non-verbal in a wheelchair.
 - § Give location (stairwell and floor numbers)
 - § Tell them you are waiting for evacuation out of the building.If phone does not work tell someone exiting the building my location.
6. If it is safe, wait with me for evacuation by the Fire Department.
7. Instructions to Fire Department upon arrival:
 - § My name is (Insert Name) and I am non-verbal.
 - § I weigh approximately 120 lbs.
 - § To lift and evacuate me:
 - § Slide my tray off
 - § Unfasten my seat belt
 - § I am a dependant lift, any technique is okay.
 - § I can be laid down if necessary.

IMPORTANT: DO NOT LIFT MY WHEELCHAIR DOWNSTAIRS.
